MISSION LANDSCAPE CO'S EARN THREE OUTSTANDING AWARDS FOR EXCELLENCE FROM INDUSTRY PEER GROUP

By aligning itself with environmentally-centric clients, and focusing on GREEN and sustainable landscape design, construction and maintenance that delivers a positive return on investment for customers, earns the Mission Landscape Companies top honors for its work

Tustin, California, September 8, 2010 – Tustin based Mission Landscape Companies (www.missionlandscape.com) received three outstanding awards for excellence by its industry peer group, the California Landscape Contractors Association [CLCA], www.clca.org for the Metro Pointe property, Costa Mesa, the Court of Appeals in Santa Ana, and Nutrilite located in Buena Vista. The Mission Landscape Companies are one of the largest full service integrated landscape providers in the United States and preeminent brands in California, serving San Diego to Sacramento and abroad.

Metro Pointe, www.metropointe.com, is one of Orange County's premier retail and mixed-use real-estate properties. This site won the Best Overall Entry in the CLCA Beautification Award category. In addition to the high-end landscape design, Mission Landscape recycles all of the green waste at Metro Pointe. General Manager, Rosanna Dalat said, "Mission Landscape is aligned with our vision of creating Green and sustainable properties that enhance the customer experience. As a premier brand it is important for us to work with cutting-edge companies. The Mission Landscape team provides us with an environmentally-balanced, world-class site while saving our client's money."

The Court of Appeals site in Santa Ana won 1st place for the Office Category. Mission Landscape installed a smart-water drip irrigation system and recycles all of the green waste at the site, saving the town money, reducing run-off and not contributing any waste to the local landfill. David Dubois, CEO of the Mission Landscape Companies shared, "It's great to see that our local municipality is leading by example in their efforts to reduce overall spending while being environmentally conscientious."

Nutrilite, www.nutrilite.com, a leader in nutritional research, development and innovation is a pioneer in nutritional supplements. Mission Landscape provided a design to renovate an existing landscape, and created an ecological outdoor space where all employees and visitors could meet, that won them the Landscape Renovation to an existing commercial site award. Mission's team design aligned perfectly with the Nutrilite brand by using Green and sustainable principles that reduced water usage, waste and run-off. All five of Mission Landscape integrated operating units, which include Landscape Architecture, Landscape Development, Landscape Maintenance, Tree Care and Environmental Services were involved in the award winning sites.

About Mission Landscape Companies

Founded in 1970, the Mission Landscape Companies, headquartered in Tustin, California, are an ESOP and a landscape leader dedicated to serving the needs of sustainable general contractors, architects, developers, property managers, landscape architects, engineers, owners, athletic directors, facility managers and municipal authorities in multiple industry segments by providing a seamless service portfolio of economical, sustainable and comprehensive landscape solutions.
